## 133 CLUB CALVES AVERAGE 23.6c AT CARSTAIRS SHOW AND SALE THURSDAY

On Thursday, June 11, 1948, 133 calves were sold for a total of \$23.61 or an average of 23.6 cents per pound at the sixth annual calf club show and sale sponsored by the Cattle Raisers' Association of the Carstairs Board of Trade and the Department of Agriculture at the Carstairs stockyards on Thursday last.

More than 300 persons attended the sale and bidding was keen for every animal offered.

The Beef Club in this district are supervised by Hugh McNeil, the district agent, and the sale is managed by the Carstairs Board of Trade. Mr. Gilmour, manager of the Bank of Montreal branch in Carstairs, acted as the clerk and the auctioneer.

The following seven clubs participated: Carstairs, Crossfield, W. J. Hogg, Eagle Hill, Julian, Mendenhall and Olds. The respective leaders of these clubs are N. S. Charles, A. E. Taylor, James Hogg, C. H. Johnson, Sandy Brander, J. H. Hogg and Ed Nod.

A very important work is being done among the rural young people and the leaders of the clubs and the committee that work with them deserve great credit for the time and energy they devote to the work.

This year under a new system the calves were grouped into four groups, namely, open, bred, weaned and qualified. The first two in each club were then picked out and these came out to compete for the grand championship honors.

The first and second in each club were:

Carstairs: Bill Francis and Harold Schickel.  
Crossfield: Carl Hogg and Warren Price.  
W. J. Hogg: Gordon Robertson

and Donald Blain.  
Eagle Hill: Gordon Johnson and Ralph Paton.  
Crossfield: Lyle Smith and Robert Elliott.  
W. J. Hogg: Owen Gilmour and Mervin McArthur.  
Olds: Harold Bell and Martin Peterson.

There was great excitement when these were brought out for the grand championship judging. The judges H. E. Wilson, Wm. Lewis and Joe Johnson soon picked out Gordon Johnson's and Harold Bell's calves but it took some time to decide which was the champion and which was the reserve.

Gordon Johnson's Hereford steer was finally selected and on the announcement of the decision the Eagle Hill crowd broke into a cheer.

Gordon has been a member of the Eagle Hill Club for three years and was its president last year and this year he is the secretary of the group.

The reserve champion was also a Hereford.

Besides the regular prize money, the Hereford Association donated special awards. The Aberdeen Angus Association donated \$200 to each calf in the special group. The Shorthorn Association awards \$50 if a Shorthorn is champion. The Alberta Hereford Association donates a bronze replica of a Hereford bull to the Hereford winning a grand championship. For first in a club a banner and ribbon for other Herefords.

Each club gives special prizes for showmanship. The winners in this year were: Gordon Johnson 3, Ralph Paton 2, Gordon Johnson 3, Ralph Paton 2, Gordon Johnson 3, Ralph Paton 2, Gordon Johnson 3, Ralph Paton 2.

Price and Ed Nod. They are as follows:

Carstairs: Bill Francis 1, Stan Bell 2, Bill Francis 3.  
Crossfield: Pauline Price 1, Ken Jensen 2, Wayne Price 3.  
W. J. Hogg: Gordon Robertson 1, Glen Lyle 2, Gordon Lyle 3.  
Eagle Hill: Ronald Sunde 1, J. Hogg 2, Lyle Sunde 3.  
Olds: Robert Elliot 1, Lyle Sunde 2, Mervin McArthur 3.  
Glen: Helen Peterson 1, Harold Bell 2.

Donald Robertson was selected as the champion showman and won the highest demand of \$1000.00.

The sale was officially opened by Hon. David Cameron, minister of agriculture, who made a speech in the educational work being done by means of club work among the rural young people.

Archie Boyer, as usual made an excellent job of auctioneering and was assisted by Hon. Dave Ure, John Riddle and Tommy Dymally.

At least 600 people attended and enjoyed the fair under ideal weather conditions. This was the largest and best sale at Carstairs to date. The Champion sold for \$600 to T. Eaton Co. The reserve champion sold to Burns & Co. for \$225.

An average of 23.6 cents was realized for 133 calves.

The following bought calves: T. Eaton Co. 8 calves; Union Packing Co. 14 calves; Swift Canadian Co. 19 calves; Kretzen Bros. 21 calves; Crossfield Cold Storage 2 calves; Crossfield Meat Market 3 calves; Burns & Co. 1 calf; Adams, Wood & Weiler 4; Burns & Co. 29; Canada Packers 30.

## Kill Weeds NOW!

See Your U.G.G. Agent for 2, 4-D WEED KILLER and Spray Equipment - Now

THE time for applying 2, 4-D to kill weeds in the cereal crops is fast approaching. A study of reports on field tests available at your U.G.G. elevator indicates best results were obtained by spraying when plants have reached a height of four inches to early shot blade. Very good satisfaction has been experienced by farmers who have already sprayed Fall Rye and Winter Wheat this spring for control of stalkweed.

A SUPPLY OF WEED KILLER, MADE BY THE ORIGINATORS OF 2, 4-D IS AVAILABLE NOW AT YOUR LOCAL U.G.G. ELEVATOR

### WEEDAR and WEEDONE

Supplied in Handy One-Gallon Containers at No Extra Charge

Spray Attachments and Tanks—We have a limited supply of Golden Arrow Sprayer attachments and tanks for individual purchase or on a co-operative basis with neighboring farmers.

Junior Farmer with a future

He's ambitious, that boy. Does chores for his father. Hires out to neighbouring farmers. Keeps some livestock of his own. And he saves his money.

Like many another farmer's son he has plans and is doing something about them now. He is wise enough to know that the habit of saving something out of every dollar he earns can be the very foundation of his future success. It is never too early to start a savings account.

### "Thistle Dew"

THE NEW, LOW COST WEED KILLER IS ON THE MARKET FOR THIS SPRING

Now we can say to the farmer in all sincerity that we have the one and only chemical weed killer that will not only kill the tops of the thistles, but will definitely penetrate the root system and destroy the growth of such weeds.

It has been definitely proven beyond any doubt that our chemical will penetrate 8 inches into the roots of Thistles in 10 days, and although the penetration is somewhat slower from there on down, its action will not stop until the roots have been thoroughly destroyed. Our product is a killer and cannot be sprayed on the crop, certainly not with wheat at \$1.75 a bushel. But we contend and are sure that any Agriculturist will tell you that the killing of weeds does not start in the grain crop. The proper time and place to kill weeds is on the summer fallow.

We recommend on land that you intend to summer fallow, the following procedure—

First: disc your stubble field once over lightly and then when your weeds of all descriptions are about four to six inches high and you are sure that all have had a fair chance to grow, spray with THISTLE DEW. The entire field leave the land undisturbed for at least 8 days, then summer fallow 3 inches deep. In this way our chemical will be down in the root system doing its job and will not be disturbed by plowing the depth mentioned. The same procedure may be followed with equal results on land intended for late spring seeding, or on your summer fallow in the fall of the year.

Let us make one point clear to you all. There is no particular stage in which to kill weeds with our chemical, just as long as there is sufficient foliage above the ground to absorb enough of our chemical. That is all that is necessary, the penetrating qualities of our product will do the rest.

WHAT WAS IT?  
When Russ Ade came into the Gazette Office in Oids on Wed. he was carrying a strange looking object very much like a bomb and we thought that he was going to blow the place to high heaven. Such was not the case for all Russ had was a interesting item of nature. He had a sponge rubber ball through which had grown a blade of one notorious crotch grass called quick grass by those of us who have anything to do with it as who haven't. Anyway the ball and the root at the bottom have one curious enough to take a peek at them.
